

Coat Sizing

Step #1: Measure the Chest

Wrap the tape measure around the chest at the widest part, under the arms, snugly but not too tight. Make sure the tape measure is straight all the way around and that arms are relaxed to your side.

Step #2: Measure the Overarm

This step is the same as Step #1, except that the tape measure goes around the widest part of the chest AND around the arms. Typically, this measurement is about 9 or 10 inches larger than the chest measurement.

Step #3: Determine the Coat Size

Take the chest measurement from Step #1 and add 1 to 2 inches to it. Then take the overarm measurement from Step #2 and subtract 6 to 7 inches from it. Ideally, you'll get the same number, and that number is your coat size. If you don't get the same number, take either the number in the middle, or the larger of the two possible numbers.

Step #4: Determine the Coat Length

You'll also need to know what length coat you need. In order to determine the length, please refer to the chart below. Add the coat length to the end of the coat size from Step #3 and you've got your coat size!

Coat Length Chart

Coat Size	Short	Regular	Long	X-Long	XXL
Height	5'5" - 5'8"	5'8" - 5'11"	5'11" - 6'2"	6'2" - 6'4"	Taller

***Important Note:** These coats are designed to accommodate a chest size that is larger than the waist size. If your waist size is larger than your chest, you may not be able to button the coat.

Example: Chest = 40", Overarm = 49", Height = 5'10"
(Chest + 2) = 42, (Overarm - 7) = 42, 5'10" = Regular
Coat Size = 42R

Boys Hat Size is 20"

(((((Trousers & Shirt Sizing))))))

Determining Trouser Size

Step #5: Measure the Waist

Wrap the tape measure around the waist at the level you plan to wear the trousers. Formal trousers are designed to be worn at the level of the naval. Most of the trousers we offer have adjustable waists, so just select the size that encompasses your waist size.

Step #6: Measure the Inseam

Start the tape measure at the top of the inner seam of the pant leg and run it down to about 1.5 inches from the floor. If you are ordering New trousers, you can request them to be unhemmed, but please let us know your height so we can determine the rise of the trousers for you.

Determining Shirt Size

Step #7: Measure the Neck

The shirt sizes are simply comprised of the neck and the sleeve measurements. To measure the neck, wrap the tape measure around your neck, leaving room for two fingers in between the tape measure and the neck. You'll likely want to be able to breathe.

Step #8: Measure the Sleeve

With the coat off, start the tape measure at the base of the back of the neck and run it over the shoulder and down the length of your arm to where you want the sleeve to stop; we recommend about 1 inch past the wristbone.

(((Fullback & Backless Vest Sizing)))

Determining Fullback Vest Size

Step #9: Determine Height, Chest Size, and Waist

From the previous steps, write down your Height, Chest Size, and Waist. Once done, apply them to the chart to the right. If your measurements fall between sizes, select the larger size. It is always easier to deal with too much fabric than too little.

**Important Note: Even in fullback vest styles, some sizes may only be available in backless.*
All Boys sizes are backless. Often, 3XL, 4XL, and 5XL sizes are also backless. These will be marked (Backless) when appropriate. To determine the size ranges for these styles, See below.

Fullback Vest Sizing Chart

Height	Chest	Waist	Vest Size
5' to 5'10"	34 to 38	27 to 30	Small
5' to 5'11"	37 to 42	31 to 35	Medium
5' to 5'11"	42 to 46	36 to 39	Large
5' to 5'11"	46 to 50	40 to 43	Extra Large
5'6" or Taller	48 to 54	44 to 50	2XL
5'6" or Taller	54 to 58	51 to 56	3XL
5'6" or Taller	58 to 62	57 to 61	4XL
5'6" or Taller	64 or Larger	62 or Larger	5XL
6' or Taller	37 to 42	31 to 36	Medium-Long
6' or Taller	42 to 46	36 to 40	Large-Long

Backless Vest Sizing Chart

Chest	Waist	Vest Size
Up to 52	Up to 50	Men's FitAll
34 to 38	27 to 31	Small
37 to 44	32 to 36	Medium
46 to 50	36 to 40	Large
50 or Larger	41 and up	Extra Large
52 or Larger	44 and up	2XL
54 or Larger	48 and up	3XL
56 or Larger	52 and up	4XL
58 or Larger	56 and up	5XL

Backless Vest

Determining Backless Vest Size

Step #10: Determine Chest Size and Waist

Backless Vests are more adjustable than fullback vests, so height is not a qualifier. Also, the actual size range may be more than the chart to the right indicates, but the values in the chart to the left are the "safe" ranges.

**Important Note: Even in fullback vest styles, some sizes may only be available in backless.*
All Boys sizes are backless. Often, 3XL, 4XL, and 5XL sizes are also backless. These will be marked (Backless) when appropriate. To determine the size ranges for these styles, See chart.
