

# PAUL MORRELL MEASURING GUIDE

YOUR ESSENTIAL GUIDE FOR ACCURATELY SIZING MENS APPAREL

**PAUL MORRELL**  
TUXEDOS & SUITS | RENTALS & SALES

# COAT SIZING: CHEST | OVERARM | WAIST | LENGTH

## ■ STEP 1: MEASURE THE CHEST

Wrap the tape measure snugly around the chest at the widest part, but underneath the arms. The tape measure should be at the same level all the way around the torso. Arms should be relaxed.

## ■ STEP 2: MEASURE THE OVERARM

Wrap the tape measure around the chest and the arms at the widest part. Typically, this measurement is about 7 to 9 inches larger than the chest measurement.

## ■ STEP 3: DETERMINE THE COAT SIZE

To determine the coat size, locate the chest, overarm and waist measurements in the **Mens Coat Sizing Chart** below, and select the coat size that best accommodates all measurements. If the overarm is 9 inches or more than the chest, or if the waist size is within a few inches of the chest size, it may be necessary to go up an additional coat size or two to accommodate. While fit preference can play a role in determining coat size, we don't recommend a coat size smaller than the chest measurement.

**\*Example: Chest 38", Overarm 45", Waist 33" = 39 coat size**

## ■ STEP 4: DETERMINE THE COAT LENGTH

Use height to determine the coat length, which affects the length of the coat and coat sleeves. **Short (S) = <5'8", Regular (R) = 5'8" to 6', Long (L) = 6' to 6'3", Extra Long (X) = >6'3".**

**\*Example: 39R, 43S, 50X, etc.**

MENS COAT SIZING CHART					HEIGHT				WEIGHT

\* There may be more Short, Long and Extra Long sizes available, beyond what is represented above. Contact Customer Service at [info@paulmorrell.com](mailto:info@paulmorrell.com) for more information.

\* This chart is a guide and does not guarantee perfect fit.

# PANTS SIZING: WAIST | HIP | OUTSEAM | THIGH

## ■ STEP 1: DETERMINE THE WAIST SIZE

**A.** With the shirt tucked in, wrap the tape measure around the waist at the wearer's preferred pant height. Pull the tape measure snug without overlapping their pants & record this measurement as the waist size.

**B.** Alternatively, the wearer may choose to select the pant size they normally wear. While formal pants are traditionally worn at the level of the navel, not everyone prefers to wear them that way.

## ■ STEP 2: MEASURE THE HIP

Wrap the measuring tape snugly around the widest part of the hip. Use the **Mens Pants Sizing Charts** at the bottom of this page to determine the optimal waist size that will also accommodate the hip measurement. Also consider the specific fit of the pant by referencing the **Paul Morrell Fit Guide** page.

## ■ STEP 3: MEASURE THE OUTSEAM

With the shoes removed, & with the pants at the height they will be worn on their waist, position the tape measure at the top of the waistband. Measure down the outer pant seam to the floor. Subtract 1" from the measurement for a '\*Half Break' in the pant, which is the standard. If your customer has a pant 'break' preference other than the standard, subtract appropriately based on the **Pant Break Graphic** below.

\*The outseam determines how much the pant legs "break", or rest on the shoes. Break is based on preference. Please allow up to 1/4" of tolerance with pant outseams.

**No Break**  
Subtract 2" from floor

**Quarter Break**  
Subtract 1.5" from floor

**Half Break (standard)**  
Subtract 1" from floor

**Full Break**  
Subtract 0" from floor

## ■ STEP 4: MEASURE THE THIGH (OPTIONAL)

Measure the thigh at the widest part. Slimmer fit pants may be up to 3 inches tighter in the thighs than traditional pants. \*See the **Mens Pants Sizing Charts** below for reference.

### MENS PANTS 3 SIZE

\*Not all sizes shown are available in every style & fit.  
\*Some variation in measurement exists between styles & manufacturers.

## VEST SIZING: CHEST | WAIST | HEIGHT

### ■ STEPS 1 - 3: DETERMINE CHEST, WAIST & HEIGHT

Use the chest, waist and height measurements from previous sections to determine the best vest size using the **Mens Vest Sizing Chart** to the right. When measurements fall between sizes, we generally recommend selecting the larger size.

\* For those taller than 6 feet, a "long" version of the vest is typically the best fit.

\* Other sizes may be available, depending on the specific style.

\* Some sizes may only be available in backless. Often 4XL and 5XL vest sizes are backless.

## MENS VEST SIZING CHART

Vest Size	Height	Chest	Waist
Small (S)	5' - 5'11"	34-38"	27-31"
Medium (M)	5' - 5'11"	39-42"	32-35"
Medium Long (E)	6'1" or Taller	39-42"	32-35"
Large (L)	5' - 5'11"	43-46"	36-39"
Large Long (A)	6'1" or Taller	43-46"	36-39"
Extra Large (X)	5'6" or Taller	47-50"	40-43"
X-Large Long (G)	6'1" or Taller	47-50"	40-43"
2XL (T)	5'6" or Taller	50-54"	44-50"
3XL (W)	5'6" or Taller	54-58"	51-56"
4XL (Y)	5'6" or Taller	58-62"	57-61"
5XL Backless (Z)	5'6" or Taller	58"+	62" +

## SHIRT SIZING: NECK | SLEEVE | MID-SECTION

### ■ STEP 1: MEASURE THE NECK

Shirt sizes are comprised of the neck and sleeve measurements. To measure the neck, wrap the tape measure around the neck, making sure to leave a bit of breathing room.

### ■ STEP 2: MEASURE THE SLEEVE LENGTH

With the coat off and arm slightly bent, measure from the base of the back of the neck, over the shoulder and down the length of the arm to about 1 inch past the wrist bone. See the diagram to the right.

### ■ STEP 3: MEASURE THE MID-SECTION

It's also a good idea to measure the chest and widest part of the mid-section to be sure the shirt will fit around the torso. See the **Mens Shirt Sizing Chart** below.

NECK SIZES	L   16-16.5"	4XL   20.5-22"
XS   13-13.5"	XL   17-17.5"	5XL   22.5-24"
S   14-14.5"	2XL   18-18.5"	6XL   24.5-26"
M   15-15.5"	3XL   19-20"	7XL   26.5-28"

SLEEVE LENGTH	
1   30-31"	7   36-37"
3   32-33"	9   38-39"
5   34-35"	0   40-41"

# PAUL MORRELL FIT GUIDE

## COAT FIT: MODERN | SLIM | TRIM | ULTRA-SLIM

**MODERN**

UPDATED FULL FIT

**SLIM & TRIM**

MOST POPULAR

**ULTRA-SLIM**

MOST FORM-FITTED

■ **MODERN**

An update to traditional fits, Modern fit styles fit more generously, but still incorporate a streamlined silhouette

■ **SLIM & TRIM**

Slim & Trim are the most popular fits for most body types, balancing comfort, style and function

■ **ULTRA-SLIM**

Our tightest-fit coats, Ultra-Slim styles may not be ideal for every body type; limited sizes are available

## PANTS FIT: SLIM | TRIM | ULTRA-SLIM | EURO-SLIM

■ **SLIM**

Our most popular fit & will accommodate most body types  
±17" Ankle Width

■ **TRIM**

Narrower at the ankles but maintains a fuller seat & hip  
±15" Ankle Width

■ **ULTRA-SLIM**

The best option for those who want a more bespoke, form-fitted look  
±15.5" Ankle Width

■ **EURO-SLIM**

Made from a stretch material for a fit that hugs the legs; not available in all sizes or ideal for all body types  
±13.5" Ankle Width

**SLIM**  
MOST POPULAR

±17" Ankle Width

**TRIM**  
FULLER SEAT & HIP

±15" Ankle Width

**ULTRA-SLIM**  
FORM-FITTED

±15.5" Ankle Width

**EURO-SLIM**  
LEG-HUGGING

±13.5" Ankle Width

## SHIRT FIT: EXCEL | CLASSIC | MODERN / FITTED | SUPER SLIM

**EXCEL**

BIG & TALL FIT

The fullest fit shirt we offer, with a bigger chest, wider waist, larger armhole & a longer sweep

**CLASSIC**

REGULAR FIT

A regular relaxed fit, often the best fit for those with a large mid-section

**MODERN / FITTED**

MOST POPULAR

A slimmer update to Classic, with higher arm holes and less material to bunch around the waist

**SUPER SLIM**

MOST FORM-FITTED

An even slimmer fit option, made to hug the mid-section; not ideal for all sizes and body types

■ **STEP 1: DETERMINE SIZES**

Sizing boys in formal wear uses different guidelines than sizing men. Below are charts to assist in sizing boys for coats, pants, shirts, vests and shoes. However, boys of a larger stature may require mens sizes or special consideration.

To use the charts below, obtain height, weight, chest, sleeve, waist and outseam measurements. See the mens sections for instructions on how to take these measurements, then apply the measurements to the charts below to determine sizes. In cases where the measurements point to two different sizes, we recommend the larger size.

**BOYS COAT SIZING CHART**

Coat Size (approximate age)	Height	Weight	Chest	Sleeve	Waist	Inseam	Outseam
3	35-37"	30-34 lbs.	23"	19"	19"	14"	22"
4	38-40"	35-39 lbs.	24"	20"	20"	15"	23"
5	41-43"	40-44 lbs.	24.5"	21"	21"	16.5"	24"
6	44-46"	45-49 lbs.	25"	22"	22"	18"	25.5"
